At All Saints Catholic School, the learning begins in our Saints In Training Early Childhood Program. Teachers utilize *The Creative Curriculum*® program using intentional play-based centers to engage children. The goal of our early learning center is to help children become enthusiastic learners. We believe that children learn best by doing and by exploring the world around them.

Together we will teach children to see the world through the eyes of Christ and to model the lives of the Saints in a rigorous academic environment.
