

## ASCS Thank You Teacher Luncheons Guidelines for Room Parents

Thank you Thursdays are a way for the ASCS families to show the staff appreciation all. The Home & School has designated 3 special days throughout the year to thank the teachers. Each grade is then assigned a group when to bring in lunch for the ASCS teachers. Room Parents work together with the other grades and then contact the classroom parents to bring in lunch to thank the rock star teachers. You may also coordinate to have lunch catered to school and request a monetary donation from the parents.

Several weeks prior to your assigned date, you will receive a reminder from the Room Parent Coordinator for your campus. They will also advise you what has been done for lunch the previous time. Please contact your Room Parent Coordinators if you have further questions.

### Contacting the class families

You may choose to have items brought into class or to have lunch catered to school and request a monetary donation from parents. If you opt to have lunch catered, please keep in mind those restaurants that are in the Vigeo program. Should your budget allow, you may also include other items during the day such as a continental breakfast and/or snacks, however please note this should be in addition to a lunch.

If you would like to have items brought in by the class, there is a Google Document assigned to each campus. It is a live document where parents can sign-up for designated items. Please see below directions to make a copy of the document for you to edit and use as needed.
